**RE: Cassadaga Wind Project
EDR Project No. 14048**

Dear Mr. Boria,

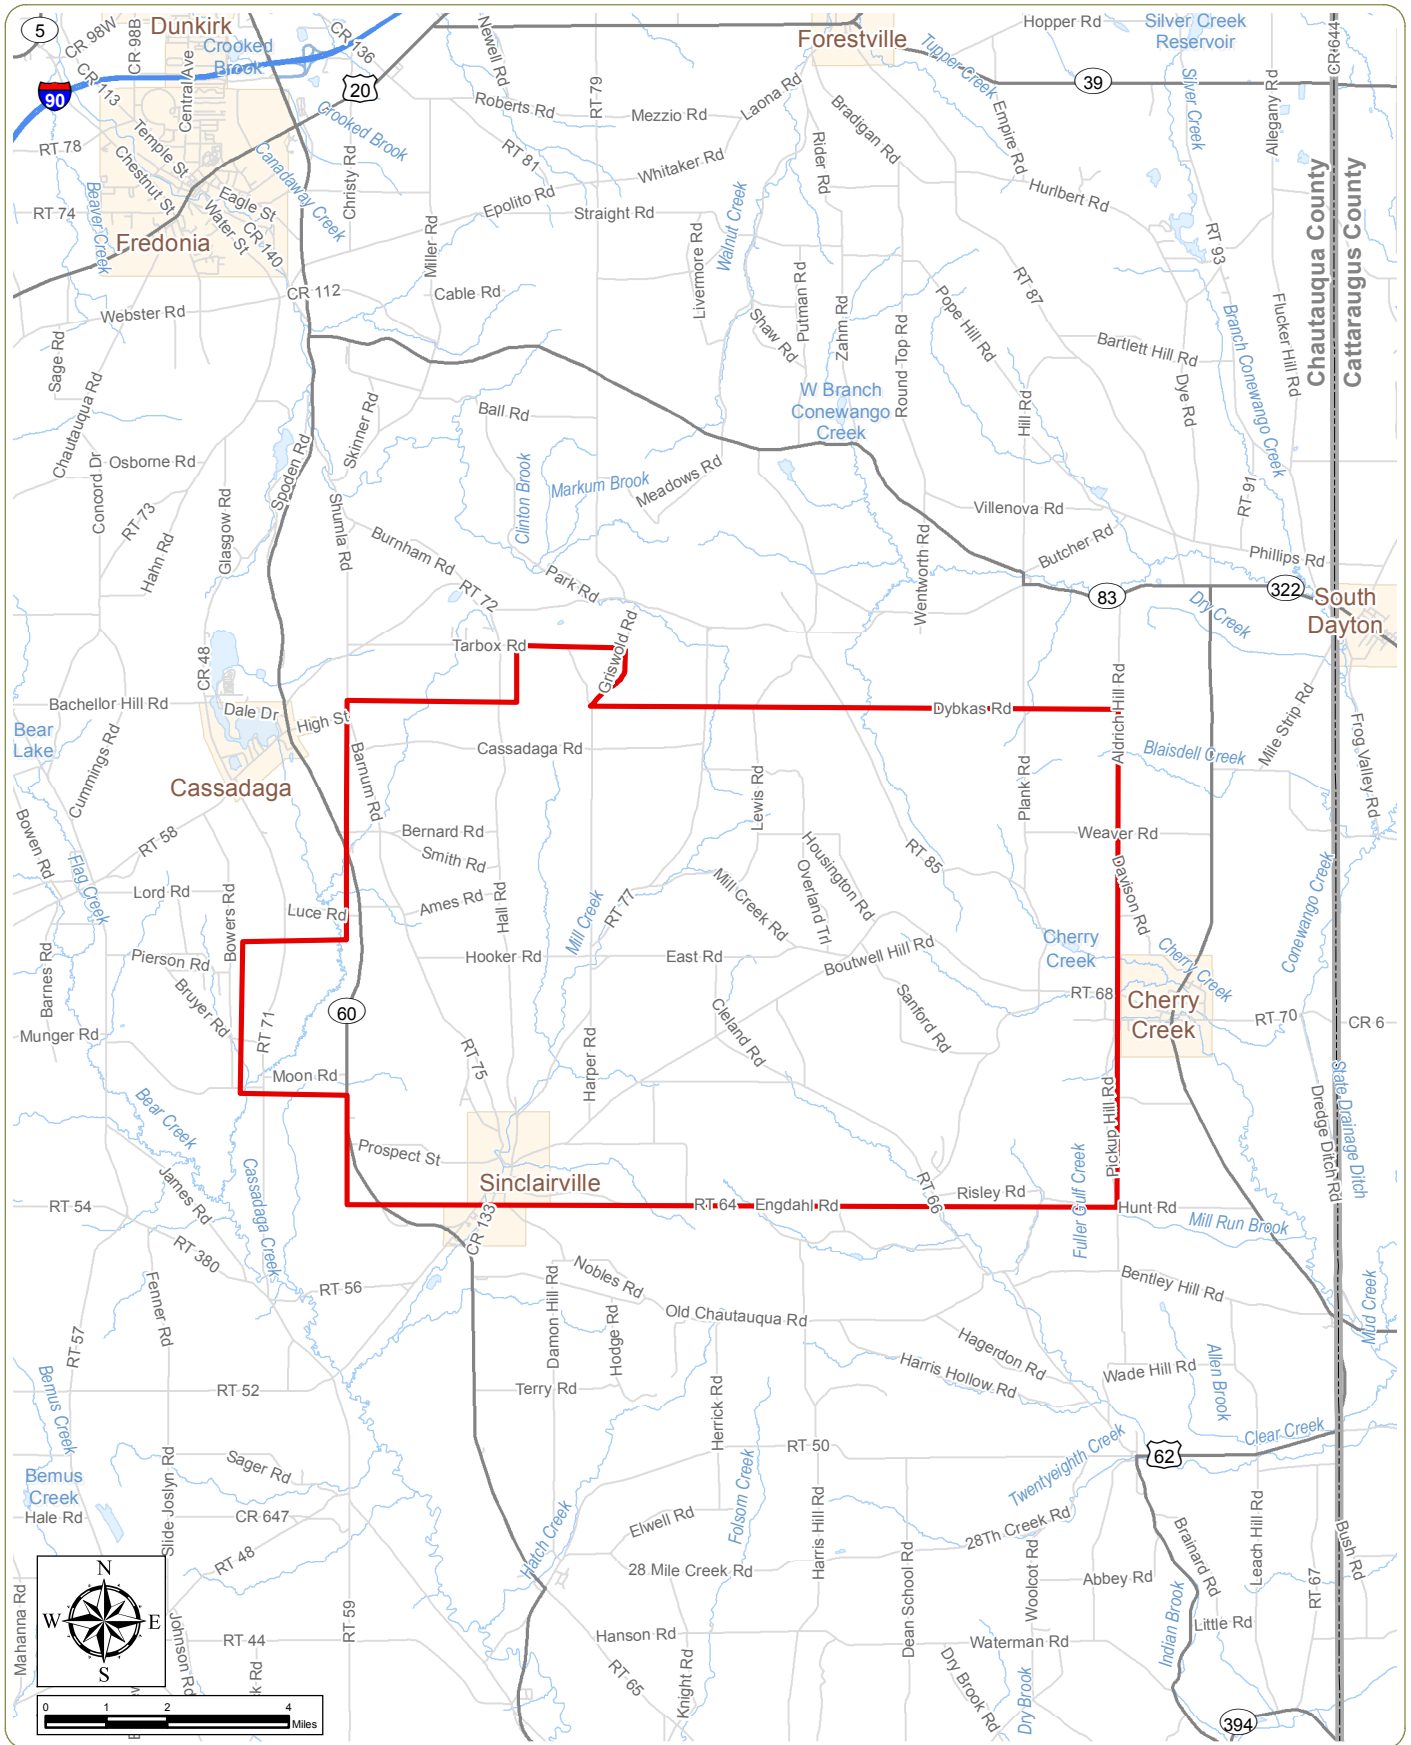

Environmental Design and Research, Landscape Architecture, Engineering & Environmental Services, D.P.C. (EDR) is compiling information pertaining to ground water and water supply as part of an environmental review for a proposed wind power project in the Towns of Charlotte, Cheery Creek, Arkwright, and Stockton in Chautauqua County, NY. Consequently, we are respectfully submitting a request for any information that you may have pertaining to public or private groundwater wells (including location, construction logs, depths, and descriptions of encountered bedrock within the area), and other groundwater resources. A map of the project area, which is located within the Cassadaga, Hamlet, and Cherry Creek USGS 7.5-Minute quadrangles, is attached for your reference.

If you have any questions regarding this request or require additional project information, please do not hesitate to contact me at jwojcikiewicz@edrdpc.com. Thank you for your assistance with this matter. I look forward to hearing from you.

Sincerely,

A handwritten signature in black ink, appearing to read 'John Wojcikiewicz', is written over a horizontal line.
