

NEW YORK STATE BOARD ON ELECTRIC
GENERATION SITING AND THE ENVIRONMENT

CASE 14-F-0490 - Application of Cassadaga Wind LLC for a Certificate of Environmental Compatibility and Public Need Pursuant to Article 10 to Construct a Wind Energy Project.

NOTICE OF PROCEDURAL CONFERENCE

(Issued November 30, 2016)

Cassadaga Wind LLC (Cassadaga) filed an application on June 16, 2016, seeking authority to build and operate a 126 megawatt (MW) wind energy project, including the installation and operation of up to 62 wind turbines, together with associated collection lines (below grade and overhead), access roads, meteorological towers, operation and maintenance building, collection and point of interconnect substations, and related facilities (the Project). The Project is proposed to be located in the Towns of Charlotte, Cherry Creek, Arkwright, and Stockton in Chautauqua County, and would interconnect to the state's electrical grid along the Dunkirk-Moon 115 kV transmission line.

On November 28, 2016, the Chair of the New York State Board on Electric Generation Siting and the Environment (Siting Board) determined that the application of Cassadaga Wind LLC is compliant with the Siting Board's filing requirements.

TAKE NOTICE that a procedural conference will be held before the three Examiners, Administrative Law Judges Kevin Casutto and Dakin D. Lecakes of the Department of Public Service and Administrative Law Judge P. Nicholas Garlick of the Department of Environmental Conservation, on Tuesday, January 10, 2017 beginning at 10:00 A.M. at the Sinclairville Fire Department, 30 Main Street, Sinclairville, New York 14782. The procedural conference is being held to identify interested parties, identify issues for adjudication, discuss a procedural

schedule, and to consider any other matters appropriately raised at the procedural conference.

(SIGNED)

KATHLEEN H. BURGESS
Secretary
